

Construction Update:

- East railroad bridge (2 tracks) is operating.
- West side sheet pile installed.
- First level of west side is excavated, out of a total of four levels.
- West side tiebacks currently being redesigned to avoid conflict with Stage 1 tiebacks.
- East side water line and storm drainage being installed.

Construction Photos

Early June – Cleaning up our project staging area, in order to be used by Sound Transit station project.

Early June – Final grade on east side of railroad bridge.

Early June – West Bridge Sheet Pile installed.

Making final connections at wet well / pump.
